

PEDIATRIC LIPID SYMPOSIUM

PEDIATRIC LIPIDOLOGY - A PRIMER FOR CLINICAL PRACTICE

Time	Presentation	Speaker
Friday		
13:00 - 15:00	Session 1 Primordial Prevention	(McCrindle/Gidding (session chairs))
13:00 - 13:15	Greetings	
13:15 - 13:45	Opening Lecture: Pediatric Dyslipidemia and Lifetime Risk	Olli Raitakari MD
13:45 - 14:05	Promoting Cardiovascular Health for Children: Diet	Linda Van Horn PhD
14:05 - 14:25	Promoting Cardiovascular Health for Children: School Health	Laura Hayman, RN
14:25 - 14:50	How to Start a Pediatric Prevention clinic	Amy Peterson MD
14:50 - 15:00	Discussion	
15:00 - 15:15	Break	
15:15 - 18:00	Session 2 Hypertriglyceridemia and Rare Genetic Disorders	Wilson/St. Pierre session chairs
15:15 - 15:35	Session Introduction, Morbidity of High TGs	Anne Tybjaerg-Hansen
15:35 - 17:15	Causes and Treatment of Hypertriglyceridemia with Case Discussions	Henry Ginsberg/Don Wilson/Julie St Pierre Daniel Gaudet
17:15 - 17:45	Rare Genetic Disorders of Lipid and Lipoprotein Metabolism	Eliot Brinton
17:45 - 18:00	Closing Remarks	

Saturday

07:00 - 08:30	Alexion Breakfast Symposium	
08:30 - 12:00	Session 5 Familial Hypercholesterolemia	Neal/Wiegman session chairs
08:30 - 08:45	Audience participation: Finding FH	Steve Daniels
08:45 - 09:10	Genetics of Elevated Cholesterol	Rob Hegele
09:10 - 09:30	Screening: Universal, Cascade or Both	Brian McCrindle
09:30 - 10:00	Patient Evaluation: A patient encounter for FH	Amy Sturm/ Catherine Mcneil /Patient
10:00 - 10:15	Break	
10:15 - 10:45	Treatment of HoFH and HeFH	Albert Wiegman
10:45 - 11:30	Registries From Around the World	FH foundation/Steve Humphries or designate/FH Canada/Safeheart/Richard Ceska
11:30- 11:50	Audience Participation: Define FH	Dan Rader/Joep Defesche
11:50 -12:00	Closing Remarks	
12:00 - 13:00	Lunch	
13:00 - 14:45	Session 6 Defining the High Risk Pediatric Patient	Gidding/Sturm session chairs
13:00 - 13:20	Diabetes and CVD Risk in Childhood	Elaine Urbina
13:20 - 13:40	Pediatric Conditions That Accelerate CVD Risk	Sarah de Ferranti

13:40 - 14:00	Lp(a)	Borge Nordestgaard
14:00 - 14:20	Risk Factors and Atherosclerosis	Sam Gidding
14:20 - 14:45	Genetic Evaluation, Precision Medicine, and Future Risk	Kees Hovingh
14:45 - 15:00	Break	
15:00 - 15:45	Closing Session	Gerald Watts moderator

Panel Discussion: Consider whether childhood/adolescence the right time to initiate lipid treatment, if so which patients, what further evidence is needed to add additional testing, cost and patient acceptance, does enhanced knowledge improve compliance

Panelists: Gidding, Wiegman, Daniels, Kastelein, Hegele

Closing Remarks
